

KM1210 Pallet

The KM1210 Pallet has more focus being placed on health and hygiene in the food and beverage industry and other related industries.

This Pallet provides an answer to both your reputation and your bottom line. The raw material that makes up the pallet protects against moisture and the absorption of any foreign substances into the pallet preventing cross contamination of separate products. This also makes it easy to clean and sterilize, making the pharmaceutical application endless..

Stackable Structural Foam Pallets	Dimensions			Weight (Kg)	Style	Load Capacity (Kg)		
	L	W	H			Static	Dynamic	Racking
KM1210	1200mm	1000mm	150mm	23Kg	2 Piece	5000Kg	2000Kg	1250Kg
