

Mobile Double Scissor Lift Table

This popular mobile double scissor lift table can be used for many applications and is particularly suited for use as a feeding table on an assembly line. As a moveable material handling aid it can be used, as and when needed, in any location around your factory floor. It is fitted with wheels for ease of transportation around the warehouse or factory, which can then be locked into position for safe use.

- **Easy action foot operated hydraulic lift.**
- **Hand operated table descent control.**
- **Easy to transport around a warehouse or factory.**
- **Ergonomically designed.**
- **Equipment such as this is known to increase both productivity and efficiency on the factory floor.**
