

NN20 - Manual Pallet Jack - Super Narrow

Some pallets are smaller than the standard width and trying to use a standard pallet jack on these pallets may damage not only the pallet but the pallet jack and, in some cases, can lead to the injury of the employee.

The solution:

The NN20 Narrow Pallet Jack.

This narrow pallet jack allows safe and easy access into smaller pallets and has a lowered height of 85mm and lift height of 195mm. It also has a cushion-grip for comfortable use and a 3-position hand control.
